3 rd -4 th	11:00-11:30	7 th -8 th	11:30-12:00

A note from Mr. Steffensen: Science Week is next week! I am starting to see a lot of students that look a bit like Bill Nye the Science Guy!

During our Wednesday Chapel time we were blessed by Mrs. Heather Foxworthy. She used Valentine's Day candy messages to remind us that the Bible is one giant message of LOVE! God is so good! All the time!

Just to keep you thinking? "In what Empire did St. Valentine live?" Tell Mr. Steffensen the correct answer and earn a prize.

3 & 4 Year Preschool - A note from Mrs. Barnes & Mrs. Burlew: No news at this time.

Kindergarten - A note from Mrs. Boudreau: 100 Day on Monday this week was a lot of fun. We made hats with 100 stickers, wrote to 100, did a 100 dot-to-dot, made a snack with 100 items, stacked 100 clear plastic cups to make a castle, etc. The kids also enjoyed going in and out of the room through 100 streamers.

We are focusing on addition in Math now, using many different materials. We have a Valentine's Party coming up on Tuesday and will be exchanging valentines, having refreshments and playing some party games. Kindergarten will present Chapel on February 22.

First & Second Grade – A note from Mrs. Prantner: What a busy week we had! We are now 100 days smarter and are enjoying lots of chances to show what we know. Our classroom also enjoyed a field trip to Wells Fargo Bank and Sutliff True Value. We had fun seeing LOTS of money and "shopping" for many different priced items. Reminder that we will be celebrating St. Valentine's Day on Tuesday morning, valentines can be distributed as early as Monday. Ask your child what kind of valentine holder they made.

Third & Fourth Grades –A note from Mrs. Winegart: Our third and fourth grade class earned a popcorn party on Friday. For our reward we enjoyed watching a video about the life story of Gladys Aylward—what a remarkable woman with a dedicated love for the Lord! We have spent time this week working on Bible Drills and identifying simple machines in our world! We have also been discussing how we are one member that is a part of the body of Christ.

Fifth & Sixth Grades – A note from Mrs. Smith: The science projects have been turned in, and next week is Science Week: Science Projects to view, Daily Science Questions, and the Science Professionals Fair! At KCS science is fun. Tuesday is Valentine's Day with a special time for treats and valentine giving. The students have completed their biographical "newspapers". They are posted on the bulletin board. Come take a look.

Seventh & Eighth Grades – A note from Mr. Thomas: No news at this time.

***Please use caution and drive in the designated pattern at all times in the parking lot by using the parking lot procedures. It is dark in the mornings, and we want everyone to arrive safely to school.**
