9:00-11:00 a.m. OR 3:00-5:00 p.m.

Geography Bee

1st Place: Ngaire Long

Runner up: Lexi Fredenhagen

Congratulations!

Science Display Boards - On Sale in the Office - \$3.00 each

A note from Mr. Steffensen: Science Week is just around the corner! I can't wait to see all of the cool projects that are being created by our students and families! The Geography Bee was a great success! Congratulations to all of the students that participated in the contest. When the dust cleared and the last question was asked and answered, our runner-up this year was Lexi Fredenhagen! Our new reigning champion is Ngaire Long!

Pastor Paul Winegeart was a special speaker during Wednesday's Chapel time. He reminded us how important it is to not take verses of Scripture out of context. Pastor gave better understanding of "Love the Lord you God with all you heart and with all your soul and with all you mind." God is so good! All the time!

Just to keep you thinking? Which group asked Jesus, "What is the most important commandment?" Tell Mr. Steffensen the correct answer and earn a prize.

3 & 4 Year Preschool - A note from Mrs. Barnes & Mrs. Burlew: This week preschool had a blast with our arctic animals theme. We learned how arctic foxes hunt and keep warm in the winter and played an arctic animal I-spy game. Next week we will be learning about the Antarctic and what kinds of animals we can find there. Have a restful weekend and enjoy your families!

Kindergarten - A note from Mrs. Boudreau: 100th DAY is MONDAY!!! I am asking your child to bring 100 SOMETHING to school, i.e. 100 socks, marbles, clothes pins, sea shells, marshmallows, paper clips, puzzle pieces, stickers, etc., etc. Please help your child think of something you have at home or can easily get. We have been learning about money \$\$ in Math. There will be a Valentine's Party on Tuesday, the 14th, and we have already started projects using hearts. The children can bring valentines to give to the class that day. Kindergarten will present Chapel on February 22nd. We will use the Good Shepherd theme and are learning Psalm 23.

First & Second Grade – A note from Mrs. Prantner: We enjoyed a trip to Bayside Fire Station; we saw Sparky, fire engines, and practiced stop, drop, and roll, and stay low and go too! Thank you to all our helpers. Monday is a SUPER SPECIAL DAY....the 100th Day of school is here! Please check your child's planner for information about how to prepare: 100 snacks, 100 collections, and 100 years old dress up! Also, on Thursday 2/9, we will be going on a 100th Day of School field trip to the bank and Sutliff's; boosters will be needed.

Third & Fourth Grades –A note from Mrs. Winegeart: Third and Fourth graders this week have been engaged in some really great math concepts. Third grade's math mission has been working on time-telling with elapsed time, using a calendar, and a schedule. Fourth grade's math mission has been finding perimeter, area, and volume for plane and solid figures. The class collectively has begun working on memorizing the states and their capitals. Make sure to continue studying those multiplication facts!

Fifth & Sixth Grades – A note from Mrs. Smith: Thank you, Mr. Bradbury, for coming to our class to tell us about banks, stocks, bonds, and "whatever else the students were wondering about." Our history study became more meaningful as a result. **Science Fair Projects:** Completed presentation boards are due next Friday morning, Feb. 10. **Looking Ahead:** Our class will be having a Valentine exchange on Tuesday, Feb. 14. Enjoy your weekend.

Seventh & Eighth Grades – A note from Mr. Thomas: Thank you to all who substituted for Mr. Thomas this week.

***Please use caution and drive in the designated pattern at all times in the parking lot by using the parking lot procedures. It is dark in the mornings, and we want everyone to arrive safely to school.**
